Given- 9

Received- 0

TRAINING HOURS: 39

11/12/2024 Goshen Meeting Notes

#3

1. Present the monthly report.
2. I have a date set for the installation of the new RMS software from the State of Ohio. I have attached the price for the migration service to transfer all of the data from the existing software (Interbadge) to the new software (Ohleg swift). Reminder that the new software is a free service provided by the State of Ohio but we must pay for a service to transfer all of the data over. The quote is from Optimum Technology for the amount of \$44,880.00. This is the company that the State of Ohio recommends to use for the migration service.
3. I spoke with trustee Mesler in regards to the AED that is in the gymnasium. Due to the gym being rented out for more sporting events, it was decided that the AED should be more visually accessible. I ordered an AED wall cabinet along with a sign which I will install as soon as all of the items are delivered.
4. I inspected the emergency fire exit signs in the administration building. Out of the 10 signs I found one that is currently functional. In the meeting room there is 2 signs that are mounted inside of the block walls and the other 8 signs are externally mounted. I have priced out new signs through Uline that are external mount w/ LED bulbs, they are \$45.00 apiece as long as we purchase a minimum of 8. The internal mounted signs I would recommend just replacing the bulbs instead of the entire unit if you want them functional.

Gym- 2, Trustee Hall-1, Meeting room- 2, Main lobby- 3, Police Department- 2
